

Please do not override our FM translator service that allows my family to listen to K-LOVE radio. We listen every day. My children are 6 and 4, and this is the ONLY station that is always safe for their ears. Even "easy-listening" stations include occasional foul language from which I and many other families try hard to shelter their young ears. We have so much filth on our TV's and radios, some of which occurs during what is supposed to be family friendly shows, that we as young families need something besides Barney tapes to which we can all listen together. My children learn life lessons about love, kindness, sharing, and our religious preference because of K-LOVE radio. Please don't take this wonderful service away from us, or we will literally have nothing safe to listen to anymore. Thankyou.
